

ABSTRACT OF THE DISCLOSURE

The present invention relates to image
input/output apparatuses for outputting inputted image
data, a control method of the image input/output
5 apparatuses, an image input/output system and a storage
medium thereof. According to the present invention, in
case of receiving an image output request of outputting
image data inputted by another image input/output
apparatus using the another image input/output
10 apparatus and an own image input/output apparatus,
setting related to sheet size selection of the own
image input/output apparatus is disabled, and data size
of the image data transferred from the another image
input/output apparatus is calculated. Then, output
15 sheet size is selected on the basis of the calculated
result.
